TAX RATE FIXED HALF MILL LOWER

Taxes This Year Will Be at the Rate of Seventeen Mills

SITE OF PENITENTIARY

Council Passes Strong Resolution in Favor of Removal to Less Congested District

This year's tax was fixed by the city council last night at seventeen and half mills on the dollar. The following figures were submitted by Commissioner Butchart:

For general purposes, \$241,213.18; rate 8 mills.

For debentures, (sinking fund with interest) \$106,622.25; rate 30 mills.

For Edmonton school district No. 7, \$112,500.00; rate 4 1/2 mills.

For St. Joachim's school district, \$13,209.04; rate 4 1/2 mills.

Total rate 17 mills.

This year's rate is a half a mill lower than the rate in 1909 as the following figures show.

For general purposes, \$241,213.18; rate 8 mills.

For debentures, \$106,622.25; rate 30 mills.

For schools, \$125,700.81; rate 4 1/2 mills.

Total rate 17 1/2 mills.

The bylaw necessary to fix the rate was a lengthy one and occupied nearly an hour in reading. It recited all the money bylaws previously passed by the city.

The city assessor presented a statement of taxes to be paid off by the city, consisting of taxes on property belonging to the city itself, and errors in assessment, etc., amounting to \$8,776.

It also contained the business and income taxes for the last four years which are not collectable. Several of these items were made known to persons who were only a short time in the city and left before the rate was levied, and others who failed in business. The whole amount was \$28,266.43 and the issuance of a check for the same was authorized.

Removal of Penitentiary
A resolution favoring the removal of the penitentiary was passed unanimously. Aid. Gariepy was responsible for the moving of the resolution which means a determination of light and necessary a prolonged one, by the city fathers for justice in connection with the penitentiary. Aid. Gariepy made a speech full of protest and was followed by Ald. Armstrong, the recorder of the council, who shared the views. The mayor, also had some thing to say in the way of shaking a stick at the Dominion Government for its indifference. The resolution as follows explains himself.

Resolved that the council believe it to be the unanimous desire of the citizens of Edmonton that the penitentiary should remove from its present site, although we do not wish that institution to be taken away from our district, we believe that some location not so near the centre of our city should be found which would be as advantageous to the institution itself from every point of view.

Resolved also that our commissioners do enter into communication at once with the Department of Justice at Ottawa, with a view of finding in some definite form on what basis removal could be secured in the near future, and that the Minister of Justice be requested to send some official to the grounds to look them over and discuss the matter fully with this council.

Resolved further that this council place itself on record as being in favor of giving in exchange for the present site some plot of land as large or larger, to be selected by the Department of Justice, offering similar advantages as to the quality of the land, vicinity of water, water-works, electric light, telephone and street car accommodation, and even to pay any pecuniary compensation which may be reasonably required in payment for the buildings and other improvements now sitting on the present site, if the department chooses to turn over the present site and buildings to the city.

Resolved also that unless the representations to be made by the commissioners to the Department of Justice make satisfactory and rapid headway that this council do appoint a strong committee, composed of itself and influential business men of this city, to draft a petition in the matter

The Edmonton Capital

EDMONTON, WEDNESDAY, JUNE 29, 1910.

SIXTY YEARS OLD, SENT TO PRISON

As Town Treasurer Forged Notes Amounting to Three Hundred Thousand Dollars

Cambridge, Mass., June 28.—Prison doors closed yesterday for ten years if not for life on John J. Lombard, former town treasurer of Framingham, who had confessed to forging town notes aggregating \$300,000 during the past ten years. He is 60 years old. Lombard collapsed when the clerk read the sentence of not less than ten years and not more than fifteen years in the state prison.

FIVE KILLED IN GAS EXPLOSION

Explosion Set Fire to Saloon and Men Were Caught in the Flames

ELEVEN OTHERS INJURED

The Accident Happened in Road-house Five Miles North of Minneapolis

Minneapolis, Minn., June 29.—Five men were killed and eleven injured, two of them probably fatally, by explosion which first wrecker and then set fire to the saloon of Edward Bushy, five miles north of Minneapolis, on the Anoka road last evening.

The identified dead are: Eugene Hamlin, Edward Hamish and Chas. Siggelkow, all residents of Minneapolis.

Two bodies remain unidentified. Edward Bushy, proprietor of the place and George Miller were so badly burned that they will die. The explosion which first wrecker and then set fire to the saloon of Edward Bushy, five miles north of Minneapolis, on the Anoka road last evening.

Ernest Osterhill, a porter, rescued both Bushy and Miller from death in the fire.

COLLIE RAISING FOUR LION CUBS

Lioness Refused to Do Her Duty and Canine Came to the Rescue

Chicago, June 29.—If you wish to see the most sight of a handsome motherly collie dog rearing a family of four lion cubs go to Lincoln park. Emma Eames, the big lioness, has proved herself not the best of mothers, and when four furry cubs were taken to her on Thursday night, she promptly abandoned them. Cy De Vry head animal keeper of the park, gave them their first meal out of a regulation nursing bottle and then sent out a call for help. Arthur Clark, Union station and Fifty-first street, telephoned that he owned a collie that was nursing the loss of a litter of pups. De Vry lost no time in making arrangements and introducing the cubs to their foster mother.

ATTACHMENT ON RADIO TELEPHONE

Not a Mechanics Contrivance, But a Legal Process by a Creditor

New York, June 29.—An attachment was made yesterday upon the wireless stations of Elmer E. Harrington, \$250,000. Radio Telephone Company in the metropolitan tower and on the room number 60 Broadway because of its failure to pay a debt of \$1,300, alleged to be due for apparatus.

The action was taken by John Firth, president of the Wireless Specialty Apparatus Company, of No. 81 New street. Mr. Firth referred all inquiries to his attorneys, W. Bernard Vause, in the Mills Building. Mr. Vause said he did this because he learned that the Radio Telephone Company, in spite of its huge capitalization and its glittering promises to stockholders, had no money.

ASQUITH EXPLAINS NEW DECLARATION

Offensive Words Not Needed to Guard Protestant Succession to the Throne

BALFOUR IN FAVOR OF IT

Says Change Should Be Made if Protestant Succession Can Be Safeguarded

London, June 29.—Mr. Asquith yesterday introduced the bill to amend the King's declaration. He pointed out that, curiously enough, at its inception in 1678 and for years afterwards it had nothing whatever to do with the accession to the throne, and the sovereign was not required to take it. The declaration was taken by all members of both Houses and these were described as sworn subjects of the Sovereign.

In 1706, when the declaration was originally framed, it was for different purpose and for an entirely different class of person. It was introduced to safeguard the Protestant succession. It was framed in a time of great popular excitement, under the belief that a great conspiracy had been hatched to murder the Sovereign, subvert the Protestant religion and destroy the liberties of the people. No candid person would deny that circumstances in all material respects had vitally changed since then.

Catholics are Loyal
Moreover Roman Catholic subjects of the Crown had grown enormously in number and strength and no one now doubted their loyalty or supposed their loyalty required to be hedged about by a special safeguard.

Mr. Asquith pointed out the offensive words of the declaration to the Sovereign himself. It was well known that the late King Edward found it a most repugnant duty to have to utter this preposterous form, directed against so many of his loyal subjects. There were other statutes existing safeguarding the Protestant faith and the Protestant succession.

Balfour Supports It
Balfour joined the Premier in his appeal to defer the inevitable discussion until the second reading of the bill. He thought the change ought to be made, if they could absolutely safeguard the Protestant succession in order to remove the offence to the King's loyal subjects.

William Reidmont, who welcomed the bill, said Catholics would challenge the statement that no steps were considered necessary to secure the Protestantism of the Sovereign and Protestant succession to the throne.

The proposed amendment was unjust to the members of one church. Captain Craig opposed the proposal because the Church of Rome was a temporal as well as a spiritual power. Opposition came also from Sir C. Cory, W. Moore, Agar Roberts and Hon. Neil Primrose, whilst several other members in the course of brief speeches gave the bill their support.

REGENT COMMANDS A REINCARNATION

Buddhist Priest Was Wrongfully Beheaded and is to Be Reinstated

Peking, June 29.—Tardy justice is to be done to a Thibetan Hootoka-to, a high priest of Buddhism, who lost his head when he incurred the displeasure of the since deposed Dalai Lama, the religious head of the Buddhists, who fled from Lhasa, last spring. He is to be reincarnated and his titles and wealth restored.

This is ordered in an imperial edict issued today by Prince Chun, the regent of China.

The throne now finds that it was deceived by the Dalai Lama, who obtained the execution on the grounds that the high priest had attempted the former's life by sorcery.

The process of reincarnation will be similar to that of a Dalai Lama. Infants of certain blood, displaying signs that they possess the same soul as did the deceased will be assembled and their names written upon slabs of wood and sealed. These will be placed in a large jar of incense, from which the high lama will draw by chance one of the names.

CONVICT STABS FELLOW CONVICT

Both Men Are Life Prisoners and Both Were Convicted of Murder

Jackson, Miss., June 29.—George Badger, life convict from Berrien county, lies at the prison hospital nearly dead from a knife wound inflicted by Jim Shivers, a one-legged convict whose only mode of locomotion is a wheeled chair. During a baseball game at Harrison, without any provocation, Shivers whipped out a knife and slashed Badger in the side making a frightful wound. Both men are murderers. Shivers has been in prison over twenty years.

DAILY SERVICE ON GRAND TRUNK

Thirty-Hour Trains to Winnipeg Will Be Inaugurated Next Sunday Morning

Official announcement was made this morning by the local officials of the Grand Trunk Pacific Railway that a daily through express service between Edmonton and Winnipeg will be inaugurated next Sunday morning. The first train will leave this city at 9:30 in the morning and will reach Winnipeg at 4:30 Monday afternoon. The western service gives the time of departure from Winnipeg as 3 p. m., arriving in Edmonton at 8:15 p. m. the next day. This means that there will now be a thirty-four hour service between Edmonton and Winnipeg.

The trains will be equipped in the most up to date and modern fashion and will be models of comfort. There will be sleeping and dining cars attached, and altogether the new service ought to mean a new era in connecting Edmonton with the east.

Eastbound
Leave Edmonton, 9:30 a. m.
Arrive Saskatoon 10:15 p. m.
Arrive Winnipeg 4:30 p. m.

Westbound
Leave Winnipeg 3 a. m.
Arrive Saskatoon 7:30 a. m.
Arrive Edmonton, 8:15 p. m.

WHERE HAS THE ADMIRAL BEEN?

He Has Some Weird Ideas According to Interview Published in British Papers

London, June 29.—The summary of an interview with Sir A. Douglas published from Montreal is widely published here. In it the admiral charges Canadians holding responsible positions under the Crown with harboring ideas of annexation to the United States in their hearts and says as long as that feeling exists in the minds of those responsible for making and enforcing the laws, Americans would welcome the exclusion of British ships.—It is assumed by some papers here that the remarks attributed to Sir A. Douglas are accurate.

HIS NATIONALITY NO EASY QUESTION

Immigrant Son Was Born on German Boat—Parents Were Americans

If a boy was born on a German steamer, flying the German flag, bound from the United States to a port in Great Britain and he was the son of Canadian-born parents, but naturalized Americans, what nationality would the boy be?

That was the question that one of the immigration officials had to answer when Charles A. DeFeux and his son Donovan entered the immigration office this morning. After some thought the official marked "German" after the boy's name, to which DeFeux senior took a decided objection, advancing the argument that if a white man was born in China it would not be fair to call him a Chinaman. After long argument, the word "German" was crossed out and "American" substituted.

For Western Canada's Great Industrial Fair at Winnipeg, Man., July 13 to 23rd, 1910, the Canadian Pacific Railway will have in effect special rates. For full particulars as to rates, limits, etc., apply to nearest Canadian Pacific Ticket Agent.

SPLENDID CROPS ABOUT EDMONTON

Secretary of the Board of Trade Reports Fine Conditions in This District

RESERVE OF MOISTURE

In Spite of Small Rainfall All the Crops Seem to Have Done Excellently

Mr. F. T. Fisher, secretary of the board of trade, recently took an extended drive through the district by view to obtaining first hand information as to the actual crop conditions. Clover Bar, Hortonburg, East Cochrane and Agricola were visited.

Mr. Fisher went out prepared to find considerable damage, as a result of the long period of dry weather that has prevailed. The drought-resisting nature of the soil is such, however, that plant life has been able to draw on the reserve moisture in the ground, to such an extent that a stranger or anyone not fully familiar with normal conditions, would have no suspicion that there had been a most unusual period of dry weather. On every hand the pasturage is rich and abundant and all cattle seem to be in splendid condition. Many fine fields of winter wheat were seen. Timothy and alfalfa are, at present, somewhat short, but in good healthy condition and with the rain which has fallen during the last two days, these crops will spring up and furnish the usual heavy yield. Spring crops are somewhat short but not a single field was passed which did not appear in thoroughly healthy and satisfactory condition. The plants are strong and of a good rich green color. Even within the recent rains, a good average crop was assured. With the rain we are now receiving, a big crop may be looked for.

In many fields examined tests were made for moisture and in every case, though the surface was dry as gunpowder, moisture was found quite close to the surface. This season will surely demonstrate the value of General Alberta as a soil farming country, under any conditions. Mr. Fisher states that the common impression that the fact that there is luxuriant growth everywhere in this district, while certain other portions of the west are badly burnt out and suffering severely from drought is due to an extra amount of rain received here, is hardly correct. The difference is not so much in the rain-fall as in the different soil conditions. Owing to the nature of our soil and subsoil our lands carry a lot of moisture in reserve, which comes up from beneath and evinces vegetation to maintain good healthy growth during a dry season.

Other districts, having a lighter soil, with a gravelly subsoil and possibly subjected to drying winds, have no such reserve of moisture from which to draw; and under such conditions, a very greater rainfall is necessary to preserve a healthy growth.

One field, visited by Mr. Fisher, was of particular interest as illustrating this idea of reserve moisture in the ground. This field was visited on the 2nd of June and the owner of the farm was observed seeding the field in question to barley. Though there has been no rain since that date until the last few days, this barley germinated and made vigorous growth and when seen on June 26th, the stalks were found to measure from eight to ten inches above the ground. This growth had been made entirely upon the reserve moisture below, and with exactly the same rain fall, in the drier districts, it probably would not have germinated at all.

The greatest damage occurred on the farm of George Poff, who lives 7 miles east of here, his house and farm buildings both being completely destroyed. Mr. Poff had his car broken up by being struck in the rear attempt to rescue his infant son, but before he could reach the child, a board struck the child, causing almost instant death.

Word has just been received here that during the storm last night, a house in the vicinity of Goose Lake was lifted and carried several feet. A young man was alone in the house at the time and was badly injured by being struck in the head by a gasoline stove. He remained unconscious for some time, but the house is almost a complete wreck.

FIRED AT TRAIN GOES TO PRISON

Sent Bullet After New York Passenger Train—Gets Five Years

Poughkeepsie, N.Y., June 28.—Not less than five more than ten years in Sing Sing Prison was the sentence dealt out to Jasper Price yesterday by Justice Morshaw in the Supreme court, because Price fired a bullet at a New York Central passenger train.

MANITOBA FLOUR AT \$5.40
Toronto, June 29.—Manitoba flour has jumped ten cents per barrel. It is now quoted at \$5.40.

SUFFRAGETTES ON WAR PATH AGAIN

Militant Methods Are to Be Resumed if Government Does Not Give In

WILL NOT PAY TAXES

Woman's Suffrage League Announces Plan of Passive Resistance to Government

London, June 29.—After months of comparative inactivity the militant suffragettes are stirring to life again and are threatening another campaign more vigorous than ever before if their leaders are to be believed. The immediate cause of projected crusade is the refusal of Asquith to accede to their demands to push equal suffrage bill now pending the tie in the Commons.

According to Mrs. Pankhurst, the plans for the movement have all been completed and will go into operation unless the prime minister recedes from his position. The Woman's Suffrage League which is distinct from the one in which Mrs. Pankhurst is active has made an announcement that a large number of women taxpayers have agreed to refuse to pay their taxes unless they are permitted to vote.

LUMBERMAN WAS KILLED BY HORSE

Red Deer, June 29.—Barney McCann, aged 60, from the province of Quebec, one of the lumbermen employed in bringing down one of the Great West Lumber Company's log drives from the limits to the mill at Red Deer, was fatally injured yesterday by his horse, falling on him. He attempted to mount the steep bank of the Bernier's creek, at Hagan's bridge, 24 miles west of 60. Olds, when his horse overturned on him, carrying him to the bottom. He was rushed to the Red Deer hospital, but died twenty minutes after reaching here.

BABY KILLED IN BIG WIND STORM

It Struck Weyburn, Sask., With Terrible Force and Did Much Damage

Weyburn, Sask., June 29.—A terrible wind storm passed over this section last night about 8 o'clock. Auto houses, outbuildings, lumber piles and houses were lifted and carried in all directions. Mr. Marshall Stewart's large feed stable on Second street near the Soo hotel, had the roof lifted completely off and thrown with terrific force on the machinery and carriages in the yard doing considerable damage.

The greatest damage occurred on the farm of George Poff, who lives 7 miles east of here, his house and farm buildings both being completely destroyed. Mr. Poff had his car broken up by being struck in the rear attempt to rescue his infant son, but before he could reach the child, a board struck the child, causing almost instant death.

Word has just been received here that during the storm last night, a house in the vicinity of Goose Lake was lifted and carried several feet. LITTLE DOUBT OF TO-DAY'S RESULTS

Vermilion, Innisfree and Northern Districts Will Give Sifton Large Majorities

HYNDMAN GETS EXCITED

Makes Some Wild Statements and Also Offends Audience at Vermilion Meeting

(By a Staff Correspondent.)
Vermilion, June 29.—The campaign closed here last night in a largely attended and enthusiastic meeting in the interests of Premier Sifton. Mr. Sifton closed the meeting in one of the best addresses that he has delivered throughout the entire campaign. Dr. Keen opened the meeting. W. J. Cluff of Edmonton spoke as a "victim of Alberta" in the interests of neither candidates, although he couldn't see why anyone would vote for Mr. Sifton, and J. D. Hyndman of Edmonton, who had been in the city since he should receive the support of the constituency.

Mr. Cluff, who introduced himself as a spectator and not a party man, wanted to ask a few questions. "Do you think that there would have been any trouble over the A. and G. W. if certain members of the Legislature had received what they were after?" he asked. "Do you think that Mr. Cluffing would have resigned if the University had been placed at Calgary? Do you think that Mr. Riley would have taken the stand he did and later resigned if the Agricultural College had been given to Cluffing?" he asked. "Do you think that Mr. Cluffing would have left the attack if he had received the position with the railway company that he wanted?"

Those were Mr. Cluff's questions, and then although he declared very emphatically that he did not support either candidate, he thought the constituents ought to vote for Mr. Cluff. And the audience enjoyed the joke and laughed heartily.

Mr. Hyndman Annoyed
Mr. J. D. Hyndman got rather worked up over his speech and lost his temper for which he has a reputation. He made some remarks that were far from pleasing to the audience. He stated that if Vermilion elected the Premier it would be known as the back door to the Legislature. This roused the crowd and the speaker was obliged to leave the platform on occasion to declare that the Liberal papers were not telling the truth, and that in the event of a Liberal victory some statements, to put it mildly, were a trifle out of plumb. He declared that Mr. Rutherford had been told to resign, that pressure from Ottawa had been brought to bear on him. And this was the spirit of Mr. Hyndman's own remarks. He said that none of the inorganic Liberals were taking any part in the present campaign, and was properly taken to task for the statement by the Premier.

Today
Today is the day when the tall tale will be told. All through the constituency the voters are turning out in good numbers and a fair sized vote should be polled. There is not the slightest doubt as to what the final result will be. Vermilion and Innisfree ought to give large majorities for the Premier. Bantley may be depended upon to give a majority to Clark and Mannville will break even. The vote around Grims should also break even with a majority of a vote or two either way. And the whole northern part of the constituency should give a good majority for Mr. Sifton. The Premier is staying in town to-day and will wait here until the returns are all in. It is expected that fairly complete returns will be in by midnight.

PRISONER WENT MAD
Berlin, June 29.—The trial of the famous beauty Frau von Schoenbeck, came to an abrupt and dramatic close today, when the woman became a raving maniac. The trial halted and the beautiful young woman was sent to the mad house. She was charged with having induced her favorite, Captain Von Goeben, to murder a German officer. The woman was 18 years older than he. Von Goeben committed suicide.

WATCHES
The Watch that gives satisfaction under all conditions of service is the **REGINA**. We have them from \$7.50 to \$60.

Mr. Bennett's statement that he intends to retire from politics at an early date would be surprising, but for the fact that his party has been during the past ten days offering very active opposition to the premier and one of his new ministers, and the junior member for Calgary has taken no part in either campaign. It is not often that a man gives up his political career under such circumstances, and his action will mystify the public. The Capital strongly opposed the stand which Mr. Bennett took in the House, but no one who followed the proceedings there can fail to agree that it was the sheer ability with which he handled his case that made the attack on the administration as effective as it was. He played the game well and to him unquestionably was due the large reduction in the government's majority. Now, with his party inspired by new hope largely as a result of his operations, he is to abandon the field. It cannot mean that he is emulating Clematus, for he is frankly a very ambitious man and success in the provincial field, would, with the large backing which he would be able to secure, undoubtedly lead to a place being made for him in the more congenial arena of national politics. That his party associates were not altogether appreciative of his efforts was made clear when the controversy was at its height and at a Conservative meeting in Edmonton, Mr. McCarthy was cheered as the prospective provincial leader.

Even if Mr. Bennett did not participate in the Vermilion campaign, there was one respect in which his methods were closely followed. One of his great weaknesses as a politician is his tendency to make wild charges, which he makes no attempt to substantiate himself and which those against whom they are directed are able to disprove very speedily. In yesterday's Capital our staff correspondent called attention to the large number of stories actually without foundation in fact, which have been set afloat in the constituency in an endeavor to stampede the electors. These tactics have steadily acted as a boomerang to the Conservative organization for years past, here as elsewhere in the Dominion. They always fail of their immediate purpose and bring the whole party into discredit. Now that it has a chance to make a fresh start, it should make an effort to build up a reputation for fairness and intelligence in its mode of operations. It degrades the whole pursuit of politics to slander reputable citizens whose only offence is that they are working on behalf of the other party.

It is astonishing how many misleading statements have been made in regard to Mr. Rutherford's resignation. What happened in that connection and the proceedings which followed are well known to everybody. But for the sake of making a little political capital, all kinds of misrepresentation have been indulged in. This from the Calgary Alberta is quite as gross as that which Conservative speakers have been guilty of in Vermilion.

"It seems now, according to certain persons, that Premier Rutherford was not driven from power at all, but just got somewhat tired of the job and decided to quit. He said in his valedictory that there was so much opposition to him in the party that he couldn't make peace and get out. This is pretty close to being driven out. If there had been a crevice for even a toe hold he would still have been on the job."

This is exceedingly unfair to the ex-premier. The premiership he assumed as a trust from the party which was in the ascendancy in provincial politics. He did not thrust himself forward for the position and there is absolutely no reason to believe that he desired to remain in it for a moment after his followers had concluded it to be the party's interests that he should withdraw. There is no doubt that they came to this conclusion, having in view the situation created by the events of the past few months, and that he shared their opinion himself. At the same time it

was agreed that Mr. Sifton was the man to take up his mantle. This and nothing more was involved in his resignation and in the choice of his successor. None of those who supported Mr. Rutherford's administration ever represented it as otherwise. But there is nothing akin in this to the McIlwaine case in British Columbia or the Letellier case in Quebec, as has been charged. There was no dismissal. The premier resigned voluntarily, quite apart from any action of the Lieutenant-Governor's, and the latter in calling Mr. Sifton, did exactly what he was called upon to do under constitutional practice.

The holding of the Edmonton exhibition in August makes it possible to secure an adequate display of the grains, grasses and roots of the district. This is a feature that will be of such decided value in impressing visitors that it suggests the desirability of always holding the annual fair late in the summer, instead of early as heretofore.

Is it not a trifle early to begin to talk about making a match for the young Prince of Wales? Already, so the cables tell us, he appears overpowered by the sense of the responsibilities of his position. Cannot he be allowed to be a boy for a few years beyond the age of sixteen? He will be all the better for it when he is called upon to take up the serious duties that lie before him.

ASSESSMENT IS NEAR \$7,000,000

Strathcona Assessment Commissioner Presents His Annual Report to the Council

The report of the city assessor for Strathcona, submitted to the city council last evening showed the total assessment of the city this year to be \$6,816,491.60, made up in detail of total real estate assessment, \$6,362,095.00; business assessment, \$243,066.60; income assessment, \$8,700. The real estate in the city taxable for public school purposes is \$2,878,730.30, and the total personal property, \$20,403.35, making the total value of city property on which taxes can be levied for public school purposes \$5,069,134.85. The total value of city property taxable for separate school purposes is \$84,357.75.

This is made up of real property to the value of \$81,369.40 is taxable for city school purposes, the taxes on \$15,152.30 going to the public schools and the taxes on the remainder, \$24,955.00 going to the separate schools. This report was then adopted by the council.

The electric light committee recommended the installation of an extension, at a cost of \$1,300, of the electric light service, to Shelburne subdivision, and the recommendation was adopted by the council.

A suggestion was made by Alderman Congdon that discount be offered on all water rates paid before the 15th of the month as an incentive to the ratepayers for prompt settlement of their bills. His argument was that it would eventually save money as the collecting of arrears was costing a considerable amount. The secretary-treasurer then stated that the arrears at present amounted to \$6,900 but that he was confident that by the end of the quarter the amount could be reduced to \$2,000 or even less, and it was therefore decided to take no steps in the matter at present.

Mr. McKernan, manager of the Bijou Picture Theatre, made a request through Alderman Tipton, that the weekly band concerts be held earlier in the evening so that the people might patronize his theatre afterwards. On band nights, he said, his receipts at the theatre were reduced to \$10. Alderman Tipton explained that he was bringing up the matter because Mr. McKernan had asked him to do so, but that he thought the request was a reasonable one.

Tenders for the cement required by the public works department this summer were received and considered.

Goeman, Clancy and Grindley, Edmonton, quoted \$3.67½ per barrel F.O.B., Strathcona on 50 barrels. While W. B. Poucher tendered for a similar amount of Rocky Mountain Brand at \$3.12½. The tender of the Bank of Montreal for Essex Cement was \$3.07½. These were left with the public works committee with power to act.

HAS GOLDTHRIT SUICIDED?

Ottawa, June 29.—A report reached here yesterday afternoon to the effect that Frank Goldthrit, the missing purchasing agent, of the Prince Rupert, who was wanted on a charge of fraud, committed suicide by jumping into Lake Erie from the deck of a steamer plying between Cleveland and Detroit. There is no official confirmation.

Outing Wear

Every article needed to make the HOLIDAY enjoyable is here, whether for Man, Woman or Child. All are now in entire readiness, fitting styles for every occasion, and at money saving prices.

Store will be closed on Friday, July 1st, opened Thursday till 10 p.m.

ROYAL ST. GEORGE'S SOCIETY

Possibly owing to the stormy nature of the elements Monday evening there was not such a large attendance at the usual meeting in the Odd-fellows' Hall. A pleasing feature

however, was the attendance of a number of visitors fresh from the Old Country and their addition to the membership roll. The chair was taken by the president, A. W. Chalmers and the evening was mainly devoted to reports of committees and social inter-

course. It was incidentally mentioned that the concert had proved an unqualified success in all departments and a hearty vote of thanks was accorded to the committee for their services. Probably this success led to a proposition that the society should hold a picnic and the same committee were appointed to make full arrangements. It was decided to forward a vote of condolence to the family of the late Mrs. H. Hughes, whose recent demise was regretted by all. During the evening A. R. Ray presided at the piano. A. Edwards, James Murphy, James Hague, Ray Farquharson, E. S. Harvey and A. J. Williams favored the company with songs, etc.

THE ALASKAN

Chicago claimed with one accord that the new, revised Richard Carroll-Gus Weinberg edition of the Totem Pole musical comedy "The Alaskan" was the best, brightest, breeziest thing in the lighter vein that had been handed to the Windy City in many a day. We will have an opportunity this week to pass judgment on the new edition of the Girard-Delecker effort, as this production is Manager Kyle's offering for Thursday, Friday and Saturday.

The large company presenting the play certainly contains a superior list of musical comedy celebrities, and besides Richard F. Carroll and Gus Weinberg, includes Detmar Poppen, who will be seen as Totem Pole Pete, Sidney Algiers, Al Rauh, Jessie Stone, Alice Keen, Etta Lockhardt, Marcelle Scott and a large chorus of show girls, Esquimaux and miners.

G. T. P. PROMOTION

Vancouver, B.C., June 29.—George A. McNicol, purchasing agent here for Grand Trunk Pacific, has been promoted to be superintendent of that railway at Prince Rupert.

ENORMOUS FINE ON H. B. COMPANY

An Ontario Agent Convicted of Having Furs Illegally in his Possession.

Toronto, Ont., June 29.—For having illegally in his possession a large number of otter, beaver and muskrat skins, the Hudson Bay company, through R. C. Wilson, manager at Monticumber, in the Thunder Bay district, has been fined \$6,447.588, including costs. The fines were imposed by W. W. O'Brien, police magistrate at Port Arthur.

The capture of the Indians in whose possessions the furs were, and the apprehension of the company's manager, has occupied a long time, but the successful termination of the chase is a credit to the work of Provincial Constable Symons of Port Arthur, and a fire ranger who went with him as an assistant.

Some months ago Symons learned that a large number of furs had been cached on an island in the Thunder Bay district, and that they would not be sent out in the usual manner by rail. Owing to the fact that the rivers and lakes were filled with ice it was impossible for him to go after the furs, but as soon as the ice cleared he started out, as he knew the furs would be sent by the long water route to the company's factory at English River, on Ames Bay.

Symons and his partner disguised themselves as prospectors and started out on their long journey. They went to the island where the furs had been cached and found that they had been removed. In order to avert suspicion they received samples of ore on the island, and in a few days shipped their canoe back by rail. They themselves took a passenger train and went down the line for about forty miles, where they left the train. A freight train went back that night, and they jumped it and returned to their destination. Taking another canoe, they paddled across a small lake to the river along which the furs would have to be taken on their journey to James Bay.

For two days and nights the men remained in the woods on the shore of the river, afraid to light a fire lest the smoke give the signal to those who were in possession of the furs. Finally, on the early morning of the third day, two Indians in a canoe passed the spot and in the canoe were the furs for which the constables were watching. They seized the canoe and furs, and searched the Indians. In the possession of one of them they found a letter from Mr. Wilson to the manager of the post at English river, calling attention to the fact that the furs were not properly baled and packed, the reason being that they were being sent out in a hurry, as the company was afraid the furs would be seized.

The furs consisted of 78 otter, 165 beaver and 1960 muskrat hides. These were shipped to the provincial government, and arrived the other morning. Mr. Wilson was summoned to appear at Port Arthur and was fined \$25 and costs for each skin, with \$5 and costs for the muskrats.

CHRIST CHURCH S. S. PICNIC

On Saturday last the above school held its first annual picnic. The children and friends, met at the church and proceeded by car to the C.N.R. depot, where a special train was in waiting to convey them to their grounds at St. Albert. When the train pulled out at 1.30 p.m. there was a happy crowd of about 140 on board. After an enjoyable run the village of St. Albert was reached. Everyone lent a willing hand and the provisions were soon removed to their destination, a beautiful shady spot in the trees. After the company had enjoyed some of McLaughlin's beverage they scattered to meet again at tea time. Some enjoyed the quiet shade of the trees, others went on the river boating, while the boys had a dip in the cool water.

About 5 o'clock the children began to get close to the eatables and while tea was being prepared by the teachers races were run, the Rev. Canon Webb acting as starter and Rev. R. Jefferson as judge. A hungry bundle of morsels sat down to tea. Reluctantly the little ones had to confess they were satisfied, and games filled the time till 7.30, when the party returned to the train. The homeward journey was very enjoyable and at the depot the company disbanded, each one happy and contented. The beautiful day, the pleasant camping ground and the good things provided by the ladies all contributed in making the day a decidedly successful one.

WHY HILLCREST

? ? ?

*Young Man, are you looking
ahead-Young Woman, are you?*

DO YOU REALIZE that in a very short space of time, the High Level Bridge will make Strathcona and Edmonton one?

IT MEANS 5c CAR FARE—it means one city—and the time to buy on the Strathcona side is today.

ANOTHER THING, where will the manufacturers who must eventually gravitate to this centre locate?

—STRATHCONA. Because, the manufacturers can buy sites at half the cost they sell on the north side, with just as good facilities for transportation, on the Strathcona side. Shrewd, farseeing business have been quietly absorbing heavy interest here recently, and on the completion of the bridge there will be things doing on the Strathcona side.

NOW a few words about HILLCREST.

It is the CHEAPEST buying on the S'cona side today

It is situated on a beautifully graduated slope facing right on the river, which presents an ideal residential location, in what will eventually be the exclusive west end district. I want to take YOU out to see this property. Lots from \$25 to \$65, terms \$10 cash, balance to suit purchaser. No interest. It is worth viewing and Auto will leave this office at convenient hours. Come in and reserve a seat, it will cost only your time.

ESKIMOS MADE CLEAN SWEEP WON TWO GAMES YESTERDAY

Scores Were 8-3 and 9-2—Locals will Play Medicine Hat To-Morrow at 6.30.

Lethbridge, June 29.—The Eskimos took the second game in hollow style this afternoon, first of a double-header. The Miners getting to Del in the third for two passes followed by two hits for two runs, when Deacon hooked him and put in Dretchko, who was invincible. Lezie was wild and not effective when he got them over in the sixth Deacon's bunch landed on him for five hits and two walks for six runs. The game was devoid of features, except Morse's batting, he getting a triple and two singles, on four chances. The score:

Edmonton		A.B.R.H.P.O.A.E.			
Mills, I.F.	5	1	1	0	0

UMPIRE FOR THIRTY YEARS

John Sheridan of American League Tenders Resignation to Johnson

VERMILION, Ont., June 29.—John F. Sheridan of the American League, for thirty years an umpire, left today for Chicago to present his resignation to President Johnson. Sheridan is the oldest umpire in point of service in the country. It is reported among the players that he may be induced to take a position as chief of umpires, the establishment of which has been discussed in the league.

LEADS WON FIGHT

London, June 29.—Harry Leads, the American fighter, defeated Young Josephs of England in the eighth round of a twenty round contest last night. The fight was for the welter-weight championship of England and a purse of \$3,000.

MORRIS CO. DEFEAT PURVIS

In a somewhat one-sided contest, a baseball team selected from the staff of J. H. Morris & Co. put to rout a team from Purvis Co. For Morris & Co. the battery was Morris and Herrick; for Purvis Dunham and Smith. C. Morris was in great form, allowing only three hits and was well supported in all stages of the game. Dunham went up in the air in the third and exchanged places with Smith, who was no improvement. (No score mentioned.)

Morris Co. understand there is a game to be played tonight between Acme Co. and W. J. Walker Co. and would be pleased to challenge the winners of the contest.

NORWOOD WON FOURTH GAME

Defeated Wholesalers by 7 to 5—Grounds at Taylor Park Are in Bad Shape

There was a large attendance at the city league ball game fast evening between Norwood and the Wholesalers. The rocky diamond at Taylor's Park was again the scene of the contest and Norwood added the fourth straight to its string, winning by 4 to 0.

The boys in the red uniforms have a well balanced team and will put up a stiff argument for the championship. Both Crabbe and Lewis McGill performed well on the slab and charities were very scarce. Neither did much in the strike-line, trusting to P. J. Dell's style of campaign, let put the ball over the plate and let the fielders show their ability.

The Wholesalers had two nice double plays, Howe being the kingpin in both, while Norwood showed some inside ball by their use of the squeeze play. Blaney, Howe, Maloney and McGill did good work in the field, while Davidson, Art, McGill, Maloney, Erickson and Leo McGill were prominent with the willow. Samos and Erickson had two baggers to their credit. Here is the box score:

Norwood						
	AB	R	H	P	O	A
McGill, a., c.	5	2	2	1	0	0
Maloney, P., 3b.	2	1	2	5	3	3

COLORADO BOYS WANT A GAME

Would Like to Meet Some of the City League Teams—Bar Nothing but Eskimos

The colored boys of the city have organized a baseball club in an effort to control the market in that line. They have as a whole a strong aggregation of ball tossers, their team being composed of such players as Jones, Jennings and Cobb. If business predominates, they claim the city championship.

They are willing to meet any team who has the courage to play them, at most any time and place. They would especially like to meet some of the City League teams, and in fact would not stop at anybody short of the Eskimos.

Any team desiring games can secure them by phoning 1632, Callaghan or writing to Clifford Mitchell, 220 Jasper avenue east.

The colored boys line up, or rather the misfits, as someone suggested, will be about like this: Mitchell, C.; Williams, Main and Jennings, p.; Alexander, I.B.; Maia or Cobb, 2b.; Williams or Jennings, 3b.; A. Bradshaw, S.S.; fielders, Jones, Stokes and Bradshaw; spares, Jamieson, Pankey.

LEAVE FOR LETHBRIDGE

The Edmonton athletic team will leave on the midnight train today for Lethbridge, where they compete on July 1st. The personnel of the party is: J. W. Ward, general manager; Messrs. Jackson and Buchanan, trainers; and Decoteau, Parney, Creelock, Cameron, Wright, Reidford, Williams, competitors.

See the window display of the Standard Clothing Co., this week, special.

AVERAGES FOR THE ROAD TRIP

Eskimos Won 9 and Lost 5—Outscored, Outtied, Outfielded Their Opponents

The Edmonton baseball team will be back with us this evening and open a series with Medicine Hat tomorrow evening at Diamond Park. The Eskimos have done exceedingly well on the road, winning nine games and losing five, which gives them an excellent percentage. A team that can win half its games on the road is doing well, but the locals did far better than that.

When they left on June 12th the three leading teams of the W.C.L. were:

Won.	Lost.	Pct.
Calgary	23	.745
Medicine Hat	20	.627
Edmonton	18	.620

The Eskimos came home in second place with a neat tie lead on Medicine Hat.

The present standing is:

Won.	Lost.	Pct.
Calgary	31	.738
Edmonton	27	.667
Medicine Hat	27	.585

These tables show Edmonton moment only went up a peg but also bettered their percentage, leaving with .620 and returning with .627.

The first part of last was Winnipeg where the Eskimos made a clean sweep of the three games on June 13th, 14th and 15th, by scores of 8 to 4, 7 to 1 and 2 to 1. Grady, Dell and Dell were the successful pitchers.

Edmonton		A.B.R.H.P.O.A.E.	
Edmonton	20	30	5
Lethbridge	17	13	9

Edmonton baseball team has certainly covered itself with glory on this trip and the fans are proud of them. All the players have done splendid work, and one man in particular, Stub Spencer, should not be overlooked. Stub has caught every game on the trip and like Stanley of Calgary is in a large manner responsible for his team's success.

On Thursday Grady was beaten, 2-0, Friday it rained. On Saturday afternoon Dell shut the Angels out, 4 to 0, and in the evening Dell and Grady were beaten, 8-7.

Totals were:

Edmonton		A.B.R.H.P.O.A.E.	
Edmonton	11	16	15
Brandon	10	28	7

Nothing daunted by these slight reverses, the Eskimos proceeded on their journey to Regina and played on June 20th, 21st and 22nd. Grady won first game, 2-1. Dell and Dell were successful in the second, 8-5, while P. J. lost the third, 7-6.

Totals:

Edmonton		A.B.R.H.P.O.A.E.	
Edmonton	13	24	11
Regina	16	24	3

Moose Jaw was the next station and Thursday it rained. On Friday Dretchko was beaten, 6-4, and Saturday Grady was a victim, 3-2.

Totals:

Edmonton		A.B.R.H.P.O.A.E.	
Edmonton	6	9	4
Moose Jaw	9	18	6

The team should have ended its way home, but President Eckstrom warmly urged them to pay a short visit to Lethbridge. To make up for the discomforts of the stay the Eskimos proceeded to take three games from Eckstrom's Pets, Dell, Dell, Grady and Dretchko all had a hand in the victories.

Totals:

Edmonton		A.B.R.H.P.O.A.E.	
Edmonton	20	30	5
Lethbridge	17	13	9

Edmonton baseball team has certainly covered itself with glory on this trip and the fans are proud of them.

All the players have done splendid work, and one man in particular, Stub Spencer, should not be overlooked. Stub has caught every game on the trip and like Stanley of Calgary is in a large manner responsible for his team's success.

About Town

There will be a picnic given on Saturday at the Great estate grounds under the auspices of the young people's association of the First Baptist Church.

Arthur Scarlett was arrested yesterday in Leduc by the mounted police on a charge of seducing Jessie Shavala under promise of marriage. He was brought to Edmonton and will stand preliminary trial at the mounted police barracks, possibly today.

The announcement emanates from District Passenger Agent McNicoll of the C. P. R. at Calgary that the tri-weekly midnight train between Calgary and Strathcona will be made permanent, at least for the summer, on account of the success of the venture.

Black Watch Camp, Sons of Scotland Benevolent Association will meet in Houston's Hall this evening, 29th inst., and at 8:30 o'clock. Grand Organist Angus McFar, S. Allen is in the city with the object of organizing Black Watch Camp. Members of the association now resident in Edmonton and district are extended a very cordial invitation to visit the local camp which meets twice each month at the first and third Wednesdays.

The first open-air concert by the Citizens' Band will be given this evening in the band stand, College avenue, commencing at 8 o'clock. The following numbers will be played: March, "Rolleto," waltz, "Poetica," selection, "Songs of Scotland," overture, "Down the Mississippi," baritone solo, "Death of Nelson," Mr. John Bell, lullaby, "Sweet and Low," intermezzo, from "Mefistofele," march, "O Canada," God Save the King.

The Daily Capital has received from Mr. H. C. Anderson, manager of the Edmonton branch of the Traders Bank, an "Expense Book," which that institution has had prepared, and is distributing. Its purpose is to enable one to keep track of his or her personal and household expenses. At the end of each week it is possible to see at a glance just how the money that has gone out during that period has been expended. In addition information is given as to banking methods which will be welcome to many to whom such matters are more of a mystery than they should be. The management will be pleased to provide anyone calling at the bank with at 25-29.

Jack! How is it that Mrs. Brown can get a quiet horse and drive her lady friends and you cannot get one for me. Well, my dear, Brown deals at Horner's Livery and you phone 1224 and order one. Oh, Jack, what a treat.

Where the Good
Clothes
Come From

The Benchers of the Law Society are meeting in Red Deer today.

Edmonton was the only place in the west reporting rain in this morning's weather bulletin. There was a fall of 56.

It is imperative that all the members of the Young Ladies Circle of Westminster Church be present at the church at 7:30 sharp this evening. Wednesday in view of the concert to be held next Tuesday evening.

The Ladies Aid of St. Luke's Parish would be gratified for any donations towards the special furnishings for this church, which may be sent to Mrs. W. A. Dixon, secretary-treasurer, Box 1733, Edmonton, and will be acknowledged through the paper.

The Salvation Army will have their annual picnic on Friday, July 1st, at Mr. Hugh McKay's place corner of Carey and Woodland. Arrangements will be made for the car to leave Cushing's mill about one o'clock. The car will stop at Alberta avenue. The picnic ground is only a short distance north of the car line. A special invitation is extended to all Army friends and to any stranger in the city. The band will render music during the afternoon and evening. A good time is expected. The band will go to Strathcona this evening when the Salvation Army flag will be presented to Strathcona corps.

C. N. R. STATION BURNED

Winnipeg, June 29.—Word has been received here that the Canadian Northern station at Greenway on the Virden branch has been destroyed by fire.

CRENDINNIN-KETCHESON

At seven o'clock this morning the marriage of J. M. Crindinnin, principal of the Norwood school, and Miss E. R. Ketcheson, a teacher at Queens avenue school, took place in the First Presbyterian Church, Rev. Dr. McQueen officiating. Mr. Crindinnin, son of Mr. C. Crindinnin, and Miss Ketcheson, daughter of Mr. McQueen, attended the bride and groom. Mr. and Mrs. Crindinnin left for Banff this morning, where they will spend their honeymoon.

Personal

John Somerville Jr., leaves this afternoon for Gravehurst, Ont., where he will spend a two months' holiday.

Among twenty visitors to the board of trade office yesterday, was Mr. H. A. Farley, who is now touring Canada as the correspondent of the Glasgow, (Scotland) Herald. Mr. Farley, in talking about crop conditions in the south of the province, said that he was not favorably impressed. On traveling northward, though, things began to look better, and he noticed a much better luxuriance of vegetation. Mr. Farley has been in British Columbia studying the fruit conditions and reports favorably. He left last night.

for the east but expects to return to Edmonton shortly.

DISCOVERY OVER-ESTIMATED

Vancouver, B.C., June 29.—While there is no authoritative announcement yet from Stewart it is the impression here that outsiders have over-estimated the recent gold discovery. Some samples of alleged free milling ore turned out on assay to be only smelting ore.

IRISH MAY DEFEAT BUDGET

London, June 29.—It is understood the Irish have decided to vote against the budget unless they are satisfied with the opposition on the veto question.

WHAT! Mr. Dresser.
going away without a new suit?
No sir!

Mr. Smart Dresser

Mr. Smart Dresser? Indeed he is not going away without a new suit. Why should he, when he can come to us and get a suit all ready to slide right on?

How much did it cost him? Why, for \$15.00 he got a dead swell suit to wear during his vacation. That is why Mr. Smart Dresser and his friends when they want clothes go to
